

Dear Patient:

This is to inform you that your medical records have been transferred to and accepted by the practice of Glaucoma-Cataract Consultants, Inc. (“GCC”). In the event that you need to access your medical records, please contact GCC at **(412) 572-6121**.

The eye doctors associated with GCC have offered to take over the care of Dr. Arffa’s patients. Dr. Arffa had previously referred patients in need of certain specialty care to GCC, and Dr. Arffa had a great respect for this group of physicians. In fact, Dr. Arffa regularly nominated Dr. James Mondzelewski for the annual “Best Doctors” award.

In order to better accommodate Dr. Arffa’s patients, GCC has also hired a Corneal Specialist. Dr. Aaron Wang was granted both an M.D. and a Ph.D. from Stanford University. He had previously graduated Summa Cum Laude from the University of California, San Diego (UCSD). He performed his ophthalmology residency at Wilmer Eye Institute located at Johns Hopkins Hospital. He then began corneal subspecialty work at Shiley Eye Institute located at UCSD. Dr. Wang has numerous publications and awards, including teaching awards and The Heed Ophthalmic Fellowship. It is our understanding that Dr. Wang will start seeing patients at GCC in January 2017.

We are confident that GCC can fill the void we have all suffered with the loss of Dr. Arffa. GCC has four locations, including one close to our current office:
